m. on Saturdays. Of course
it is advisable to send them

THE NOMADS.

Interesting Lecture at the Club Yes-
terday By Dr. John Barbour.

Yesterday afternoon the hospitable
home of Miss Rogers on East Third
street, with its soft lights, flowers and
prettily gowned women, presented a
striking contrast to the wintry scene outside,
the occasion being an interesting study
of Shakespeare's women given by
Rev. Dr. Barbour before the Nomad
Club.

Dr. Barbour handled his subject with
a delicacy and finesse which indicated
both a student and a lover of the bard
of Avon. The characteristic personality
of Ophelia, Lady Macbeth, Cordelia,
Portia and Catharine of Aragon were
especially touched upon by the speaker
in an original and most interesting
way.

Dr. Barbour closed his lecture with a
plea for a purer and better ideal of
woman, both in fiction and modern
drama.

A number of invited guests were pre-
sent, and at the close of the lecture a
delightful social half hour was enjoyed,
during which refreshments were served.

A Weak Stomach

causes a weak body and invites disease. Kodol
Dyspepsia Cure cures and strengthens the stom-
ach, and wards off and overcomes disease. J. H.
Taylor, a prominent merchant of Christiana, Tex.,
says: "I could not eat because of a weak stomach.
I lost all strength and ran down in weight. All
that money could do was done, but all hope of re-
covery vanished. Hearing of some wonderful
cures effected by the use of Kodol, I concluded to
try it. The first bottle benefited me, and after
taking four bottles I am fully restored to my usual
strength, weight and health." J. Jas. Wood, a
nephew.

Harry Smith, who was indicted Mon-
day for maliciously cutting Anna Da-
vis, was fined \$100 and costs in the Cir-
cuit Court Tuesday. He went to Jail.

The Hillsboro Telephone Company is
preparing to extend its lines from Hills-
boro to Sunset, Fleming county, and
will probably build a line to Grange
City.

Mr. James A. Spencer and Miss Inez
Burroughs were married Tuesday at
Carlisle. After the ceremony they came
to this city and left for a trip in the
East.

For the first time in the history of homo
theatricals the people actually stood on
the side walk in a long line this bitter
cold morning to buy tickets for the
Haymakers Minstrels tomorrow night.
The demand for seats is very great and
the house will be packed. It will be a
brilliant entertainment.

HAYMAKERS' MINSTREL NOTICE.

All members (and members only) are
requested to meet tonight at 7 o'clock
at Washington Opera-house for re-
hearsal. HARRY C. CURRAN.

ABOUT THE WORST EVER!

Yesterday Old Boreas Held High Car-
nival in This Section.

Yesterday opened with a brisk snow-
fall, which was succeeded by streaks
of sunshine breaking through the
misty haze.

About 8 o'clock a high wind began
blowing from the West, and it soon
blossomed into a full-sized blizzard,
which continued for several hours, with
little or no intermission.

It blew the snow that had already
fallen into huge drifts, again covering
the car tracks and suspending travel
during the forenoon.

Hoofing it was an unpleasant un-
dertaking, and few dared to face the
storm who were not absolutely com-
pelled to do so.

Water pipes were frozen by the score,
and the only people who could afford
to smile were the plumbers and the
coal dealers.

This morning was about the coldest
of the winter, the thermometer at 6
o'clock at Postoffice corner standing at
5 degrees below zero, while in the Sixth
Ward it registered 8 below and at sev-
eral points in the county was as much
as 10 below.

DO YOUR BEST.

Welcome the Visitors at the To-
bacco Fair Saturday.

To the Citizens of Maysville and Mason
County: On next Saturday, February
21st, we have our Fourth Annual To-
bacco Fair. In a large measure, the
reputation of Maysville and Mason
county depends upon the manner in
which this Fair is conducted.

A large delegation will be here from
Cincinnati and Louisville, and many
other of the leading cities of Kentucky
and Ohio.

We trust that no citizen will consider
his personal interest paramount to the
interest of our town and county. Let
us turn out on that occasion and give
our visitors a hearty welcome, thereby
giving positive proof that Kentucky
hospitality is not a thing of the past.

Also, appeal to the citizens of Mason
county to have such an exhibit of to-
bacco, corn, wheat and potatoes that
they may prove conclusively to the
world that Mason county leads in the
production of these very important
crops.

We trust that the citizens of Mays-
ville will have the sidewalks in as
good condition as possible, and that
our city authorities will do all
in their power to give our streets as
good appearance as they can under the
unfavorable conditions which now pre-
vail.

To the end that all may be proud of
the Fourth Annual Tobacco Fair, let us
go to work in earnest for its success.
Let every business man go to the C. and
O. Depot at 1:30 p. m. on that day to wel-
come the Cincinnati delegation.

BOARD OF TRADE.

Catarrah Cannot Be Cured

With local applications, as they cannot reach the
seat of the disease. Catarrah is a blood or constitu-
tional disease, and in order to cure it you must
take internal remedies. Hall's Catarrah Cure is
taken internally and acts directly on the blood
and mucous surfaces. Hall's Catarrah Cure is not
a quick medicine. It was prescribed by one of the
best physicians in this country for years and is a
regular prescription. It is composed of the best
tonics known, combined with the best blood pur-
ifiers, acting directly on the mucous surfaces. The
perfect combination of the two ingredients is what
produces such wonderful results in curing Cat-
arrah. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O.

Hall's Family Pills are the best.

C. Wetzel for Headlight Oil, Gasoline.

Mr. Thomas G. Young has bought a
residence in Flemingsburg for \$1,560.

We employ no agents, and there-
fore can save you fifteen per cent. on
monuments, as that is what agents get
for selling. Come and see us.
MURRAY & THOMAS.

Messrs. Clyde Garr, Robert Harbeson,
Tom F. Andrews and Robert Woodson,
the Flemingsburg High School Vocal
Quartet, will sing at the Tobacco Fair
in this city Saturday.

One Minute Cough Cure gives relief in one min-
ute, because it kills the mucus which tickles the
mucous membrane, causing the cough, and at the
same time clears the phlegm, draws out the in-
flammation and heals and soothes the affected
parts. One Minute Cough Cure strengthens the
lungs, wards off pneumonia and is a bar against
never failing cure in all curable coughs, colds
and croup. One Minute Cough Cure is pleasant
to take, harmless and good alike for young and
old. J. Jas. Wood & Son.

Cartmell extracts teeth without pain.

Mr. John Power, who represents the
Power Grocery Company of Paris, had
a narrow escape from drowning while
trying to cross a creek at Doyleville,
Madison county. The stream was
much swollen, and not knowing the
depth of it, he drove in, and before he
knew it the horse had been washed off
its feet and was about to drown. Mr.
Power got out of the buggy and waded
in water up to his neck and cut the har-
ness and liberated the horse. He then
pulled the buggy ashore.

A WHITE SALE

Usually when merchants want to emphasize a special sale of
any kind they offer to give more for the money than you can possi-
bly get elsewhere. Now we propose to do just the reverse. The
lawn, dimities, organdies, laces and embroideries we will have on
sale this week are so fine and sheer, in buying them you will get
less weight and thickness than you could easily procure elsewhere
for the same amount of money. All the desirable white fabrics are
here—the best of each kind and the prettiest we could find. This
spring and summer will be pre-eminently a white season. White
shirtwaists and gowns will be more popular than ever. A sensible
popularity it is. White fears neither sun nor wash.

Fashions for cotton goods are now assured and this is a good
time for sewing—before the lassitude of spring and the rush of
house cleaning. These are some of the favorite fabrics:

French Lawn, 48 inches wide, 50c and 75c yard.
French Organdie, 68 inches wide, 25c to \$1 yard.
Swiss Muslin, 32 inches wide, 15c to 50c yard.
Dotted Swiss Muslin, 30 inches wide, 25c to 50c yard.

French Nainsook, 45 inches wide, 15c, 19c and 25c yard.
India Linen, 32 inches wide, 6 1/2c to 25c yard.
White Pique, 30 inches wide, 15c to 50c yard.
Fancy and Lace Striped Lawn, 30 inches wide, 8 1/2c to 50c yd.
Mercerized Madras, 30 inches wide, 25c, 35c and 50c yard.
Mercerized Yale Cloth, 30 inches wide, 35c and 50c yard.
Irish Linen, 36 inches wide, 35c yard.
Fancy and Plain Dimities, 30 inches wide, 15c to 50c yard.
Persian Lawn, 30 inches wide, 25c yard.
French Mull, 30 inches wide, 35c yard.

EMBROIDERIES, from the modest edging to elaborate skirt
widths, ranging in price from 5c to \$1.

Laces in Val, German Torchon, Point Anglaise, Point de
Paris and Cheney. Match edgings and insertions various widths.
Prices from 1 1/2c to 50c a yard.

The store is given up to the White Goods. Come now while
stocks are full and choosing easy.

The Easy Pill.

Doan's Little Early Risers do not gripe nor
weaken the system. They cure biliousness,
jaundice, constipation and inactive livers by
arousing the secretions, moving the bowels gently
yet effectively, and giving such tone and strength
to the glands of the stomach, liver and bowels
that the cause of the trouble is removed entirely.
These famous little pills exert a decided tonic ef-
fect upon the organs involved, and if their use is
continued for a few days there will be no return
of the trouble. J. Jas. Wood & Son.

DESTROYS SLEEP.

Many Maysville People Testify To This.

You can't sleep at night.
With aches and pains of a bad back.
When you have to get up from urinary
troubles.

All on account of bad kidneys.

Doan's Kidney Pills bring peaceful
slumber.

They cure all kidney ills.

Mr. C. B. Owen of Owen & Bland 228

"In the winter of 1890 I procured a
box of Doan's Kidney Pills from J. Jas.
Wood & Son's drugstore, corner of West
Second and Market streets, for a friend
residing out of town. In due course
of time the receipt of same was ac-
knowledgeed with the result that their
use had proven very beneficial and they
were a kidney remedy of great value."

THE BEE HIVE!

The Real Thing Now

Let's welcome the cold wave and the snow. The cold weather purifies the air and makes healthful
conditions; it freezes small streams and stops the river from rising. And the snow, the beautiful snow, fertil-
izes the ground and makes good sleighing. Sleighing is good for you as well as the livery stables. During
the day be out in the air; it's very invigorating. Good, cold, fresh air never made any one sick. It's the
cold nights that destroy your health. KEEP WARM AT NIGHTS, for that is the thermometer of health.

FORMER Presidents have outdone ROOSEVELT in appointing Negroes to office; but, then, there was not such an accompaniment of brass bands.

THE Memphis Appeal says that about 25 years from now everybody, North and South, will approve a bill to pension ex-slaves. True, probably; for by that time there'll not be a hatful of ex-slaves left.

THE odds against a whist player holding all the trumps are 158,753,389,899 to 1. As near as THE LEDGER has been able to figure it out, the same odds are against CALER POWERS and JIM HOWARD getting a non-partisan Jury in their coming trials.

THE Honorable THOMAS CROOKED CAMPBELL got another knockout in Cincinnati. The Superior Court handed down a decision in the case of ELIZABETH L. HAYMAN, widow of the late CHARLES T. HAYMAN, former Superintendent of Canals, against T. C. CAMPBELL, in which the latter lost and the verdict of the special term is reversed. CAMPBELL sued Mrs. HAYMAN, as Executrix of her husband's estate, to compel her to deed to him certain property under a contract he had with HAYMAN. The Lower Court found for CAMPBELL and ordered Mrs. HAYMAN to convey the property. Judges DENNEY, SMITH and FERRIS, however, decided that the contract under which CAMPBELL sought to have the conveyance made is void for want of mutuality, and for this reason cannot be enforced with respect to specific performance. HAYMAN and CAMPBELL had many business deals before the former's death and Mrs. HAYMAN denied her husband's signature to the contract.

The grip is prevalent in this city and county to a great extent.

'Squire Fred Dresel has been on the sick list for several days.

Smallpox having subsided, the schools of Aberdeen have resumed business.

Colonel C. E. Horrocks will have the orders of the Red Cross and the Temple conferred upon him this week by Ashland Commandery, K. T.

CLARENCE MATHEWS, P. M.

DURING the past week the Licking has been at flood tide at Cynthiana; and JIM ALLEN has been busy catching driftwood on the shores.

At a big meeting of Negroes in Washington President ROOSEVELT was enthusiastically proclaimed a second ABRAHAM LINCOLN. The President may not think so, but he is proving about the worst enemy the Negro has had since the days of SIMON LEGREE.

Such things don't happen often in this shop, but a day or so ago the "makeup" of THE LEDGER got somewhat rattled and put in the day after a slice of editorial that he ought to have put in the day before. The offender has been duly executed, and the band will now play as usual.

It's a wonder the galoot who made such a howl in a cross-roads sheet about the reversal of Judge HARBESON's decisions hadn't given a share of the credit to the Juries. Or is the Judge the whole push? And if so, what's the sense of having Juries with all the attendant expense?

In South Carolina there are 155,000 colored adults and 130,000 white adults. In the Legislature, composed of 165 members and unanimously Democratic, there is not one colored man in either House. This has not been the fact before since Negro enfranchisement. Doesn't look much like Negro domination—eh?

PITTSBURGH and Chicago capitalists will purchase 36,000 acres of coal land in Harlan, Jackson and Bell counties. A railroad will be run into the territory, and several millions of dollars spent in developing the mineral and timber resources. If Kentucky will only treat these capitalists fairly as friends and not foes, it will be an incentive to others to bring their millions into the state and to spend them in improving and developing the Grand Old Commonwealth.

Brief Mention of a Day's Important Happenings in This Big World of Ours.

The British forces killed 300 natives in battle in Central Africa.

The Eastern railroads controlling the anthracite coal mines are reported to be forming a holding company to consolidate the miners under a separate corporation.

Mrs. George B. McClellan, widow of the famous General, who has been residing in Europe for many years, returned to this country and will make her future home in Washington.

Marianna Moroni, who proudly asserted that she carried Pope Leo in her arms when he was a boy, has just died in her 101st year. The Pope received his old nurse at a private audience in October.

J. H. Scaverna, a native of New Jersey, is a candidate for Parliament in one of the London Districts. He has lived in England for some ten years, and recently became a naturalized subject of King Edward.

Prof. Shaller Matthews of the University of Michigan, who recently returned from the Holy Land, says that in a small town East of the River Jordan he discovered a windmill which had been made in Batavia, N. Y.

At Gloucester, Mass., services were held for the fishermen who lost their lives at sea during the year. Seventy-four little girls dropped seventy-four flowers on the ocean, each blossom being for a dead fisherman.

English firms are trying to secure a market for soap in India, but up to the present time that country has remained practically soapless. Indeed throughout Hindustan soap is regarded as rather a curiosity, and rarely, if ever, kept in stock by the native storekeeper.

Novel first-aid-to-the-injured boxes are to be scattered in the streets of Paris. Outwardly the apparatus resembles a lamp post letter box, and it contains a small medicine chest, a folding stretcher and a telephone for signaling the nearest ambulance station. Access to the box is gained by breaking a glass panel.

Stanley Spencer, who threatens to oust Santos-Dumont in popular esteem, started ballooning almost as soon as he could walk, for he comes of a family which traces its aeronautic pedigree back two generations. The three brothers who compose the firm are as much at home in the air as they are on the ground, and they are all skilled parachutists.

Notwithstanding the many propositions to remove the wreck of the Maine, it still lies in the exact spot on which it sank in Havana harbor on the night of February 15, five years ago. A few bent and blistered fragments remain above the surface, although the body of the ship has been gradually sinking into the soft ooze of the harbor bed. The broken keel plate, that was of all other things the most damning evidence of an external explosion, still projects above the surface of the water, encrusted with seaweed and slime.

The young King of Spain is a fine horseman and enjoys hugely this form of exercise. He has good taste in horses and when he rides—as he does every day—it is his pleasure to distance the guard which usually accompanies him.

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible." Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave today," writes Mr. Moses Miles, of Hilliard, Utah Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I did. I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

The headwater streams are falling, but as there is an abundance of snow in the mountains and about the exact conditions of 1881, we may look for a little flood scare later on.

The steamer Queen City, en route to New Orleans from Pittsburgh with 108 Mardi Gras excursionists aboard, was caught by the high winds yesterday while near Paducah and came very near being capsized.

WAY DOWN EAST.

In no branch of the theatrical business has so much progress been made as in the department of the scene painter and stage carpenter. One of the chief efforts in "Way Down East," which will be seen at Washington Opera-house February 25, is an illusion in the first act which shows the country about the house of Squire Bartlett. Apparently the spectator can see the landscape for miles, not only in the background, but also on each side. As the day fades into the red of sunset and evening comes stealing over all, the berry pickers "Song of Twilight" is heard across the fields. The first act closes with apparent peace and happiness for all. Seats go on sale at box office at Opera-house Monday afternoon at 1:30.

LESSON IN AMERICAN HISTORY IN PUZZLE

SURRENDER OF CAPTAIN DACRES OF THE GUERRIER.

Find Lieut. Morris.

The capture of the British frigate Guerrier by the American frigate Constitution on August 19, 1812, was one of the most brilliant exploits in all of our naval history. The ships met off Cape Race, and inside of 30 minutes the British vessel was a wreck. Capt. Isaac Hull commanded the Constitution, with Lieut. Morris as second officer. The Guerrier was commanded by a friend of Hull, Capt. Dacres, of whom Hull demanded, when he surrendered, not his sword, but a hat he had lost on a wager made in London before the war to the effect that if war came, and the two met, the American would be the first to strike his colors.

Paine's Celery Compound

Rescues a Sufferer Who Had Given
Up All Hope.

The liver, the largest and one of the most important organs of the body, is, to thousands of young and old, a source of suffering. It has been truly said that a diseased liver means physical and mental tortures and dangers. The common symptoms of liver complaint are loss of appetite, nausea, vomiting, furred tongue, constipation, impure blood, headache, depression of spirits and a host of other evils.

Are you a victim of liver complaint? Do you experience any of the symptoms noted above? If so, do not fail to make immediate use of Paine's Celery Compound, the only medicine that directly strikes the root of the trouble, and that infuses new life into every inactive organ. Mr. C. U. Beaumont, Memphis, Tenn., gives the following testimony:—"For many years I was a sufferer from liver trouble, and at times endured terrible agonies. My blood was in bad condition, and headache and constipation added to my miseries. The doctors were unable to cure me, and I lost all hope, and at times wished for death. Upon the advice of a friend, I commenced to use your wonderful Paine's Celery Compound. After taking the medicine for two weeks, I felt very much improved. I have taken in all seven bottles, and thank God, I am today healthy and strong. Paine's Celery Compound truly saved me from the grave. I shall always recommend it."
